"BORIS IV" Ends!

Jim Fryling has nailed down the win and become BORIS's first repeat winner. "Boris VIII" starts in earnest next time to replace "IV", freeing a page for additional mayhem. A glance at p18 will reveal we have quorums for at least three games--and all of them real games, although HISTORY OF THE WORLD is filling fast. As there is no "public service" announcement on p17 this time, and judging by all the white space, we ought to have the two requisite pages next time. So, all those signed up for 1829, specify which board (N or S) you want to play, those signed up for 1830 indicate whether you still are interested, and those for SILVERTON whether the Basic or Advanced game is preferred. If HISTORY can draw two more, we might launch "Enkidu" instead. If you feel the need to bribe me to get your favorite game started, see next paragraph.

ALTERNATE ALERT: We have four DIP NMRs this time. Klausitis's Italy in IV doesn't matter since the game is over. Tony Reznarday should be back as France in VI, but if not anyone who applies will gain "brownie points" to start the railroad game of their choice. Jim Fryling ("I am Austria forever according to the order of Franz Josef") has assumed the Dual Monarchy in VII, but now Wilson's England and Cohn's France are also up for grabs. I expect both back, but invite anyone interested to send in orders for both. As usual, Ms Nar will randomly choose from the applicants. If no one applies, we'll probably draft some of our e-mail subbers at the last moment.

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "What makes society turn is science, and the language of science is math, and the structure of math is logic, and the bedrock of logic is Aristotle, and that's what goes out with fuzzy (logic)." --Bart Kosko, USC

Congrats to Jack & Rose Shacklett whose daughter Seral graduated from high school last week and for Jack's imminent retirement from the Air Force. On the down side, they're leaving the area and moving to Kentucky.

Things don't look good for Boris's return to AvalonCon this year. She-of-Great-Might-and-Power doesn't wish to tour the Baltimore/DC area again this year even with the affable fellow(?)ship of Conwidow Lisa Saunders. My exhortations to join the melee and claim her rightful crown as undisputed galactic champion of NAVAL WAR has fallen on her deaf ear. Any Conwidows in Philly want to go on a shopping/revenge spree? If so, apply soonest.

E-Subber Ty Hare, proprietor of the The COMPLETE GAMER, has a few copies of SILVERTON in stock for \$30 and the NM extension for \$15 (hell pay shipping) and takes VISA, MASTERCARD, or checks (What! not DISCOVER? I'm used to my consumer kick-back). The game is now out of print, but it's rumored that there'll be a new printing sometime in 1995. It's also rumored that Two Wolf went belly-up so no new copies are likely. Take your pick of rumors.

Coming 1-5 Sep: Vertigo Games. 302 Friendship Dr, Pools, PA (sponsored by Brad Wilson). If you can make it, go, if just for a half a day. Boris attended Vertigo Games IV some years back and it remains the hallmark of how a "housecon" should be run. Plenty of aids, (in)famous folks in the Hobby, 24 hr gaming, as diverse a set of peripherals as you can find anywhere, and gaming, gaming, gaming. Bring a sleeping bag (or be prepared to sleep on the carpeted floor), no fees, bring/get your own grub or kick into the kitty. Informal, friendly, and there's even a hot tub! And don't miss Linda "Chocolate Monster" Courtemanche's brownies! Just don't play FAMILY BUSINESS with her unless you like "concrete galoshes."

WORMTONGUE TRIUMPHS!!!

Italians Mutiny!

Fall 1913

CLIFFHOME--It's over. Austria and Wormtongue reign supreme. The true English government is already moving--to Canada, Jamaica, South Africa, or, even as the current rumors have it, Kentucky. First to feel the Iron Heel will be Austria's colingists in vassal Germany, then conquered Italy (translations take time). Albion will fare best. The defiant Italian remnant cannot last long, unless succored by America--but an invasion across the wide Atlantic won't be feasible for octaves. Perhaps the Chinese--Attila and Genghis were useful in the past--

BORIS GALACTIC PRESS REVIEW

Budapest Bugle--Archduke Wormtongue visited with a troupe of gypsies today to have his fortune read and to consult with spirits from his earlier lives. He said little about how his future was cast other than to order an increase in cheese production since he expects wine to be in excellent supply. "No more of this cheap Italian pisswater," he explained, "we're going to have the best in the world!" When asked exactly what he meant he refused to elaborate. Perhaps his response had something to do with his spirit consultation during which he sat entranced for over an hour and kept repeating "Gloating is a negative emotion, gloating is a negative emotion..." For now, we can only wonder.

Klendathu Klarion--The Chief Bug has again put out its annual alert. "It is once again the Terren student migration season so we all must be at heightened alert for a possible raid by 3Lt Jason 'Lost in Space' Fisher and his platoon of MIs."

ITALY OUT! FRENCH RIOT!

Fall 1907

Errata: Russian F BAR was destroyed last season.

WALL STREET JOURNAL—The last Italian fleet pitifully ran out of fuel before recapturing her objective. Admiral Cameroni ordered all hands to lifeboats and ordered the warships scuttled rather than have them fall into French or Austrian hands. A defiant end for a gallant warrior. Meanwhile Austria's unexpected conquest of SPA now gives her the edge over rival Russia. England must quickly decide whether to aid or raid France in order to keep Austria's fleets bottled up in the Med. Pres Rezzarday's Can-Can Party holds a slight edge in the upcoming elections, but, since it Didn't-Didn't hold SPA, the electorate may swing to any one of a handful of challengers. Speculators think France is where to put your money since any gain there will be at least a 33% return on the dollar. The Growth managers emphasize England, while the pension fund managers still prefer Austria and Russia, although moreso the former.

RIOTS IN ENGLAND & FRANCE!!

VII

Spring 1903

MURKWOOD: King Brad's recent aside at the end of his State of the Kingdom address has caused an uproar on both sides of the Channel. His desire for some "French babes", an Ulster pastry confection, has kicked up an undeserved row when His Immenseness's words were quoted out of context. All of England is outraged that "Englishwomen aren't good enough to be 'la bloody mistresses', as a "man in the street" was quoted as saying. While in France, propagandist recalling Jonathan Swift's, "A Modest Proposal" deliberately mistranslated it as "French babies," while alluding to the Monarch's unusual culinary tastes and his affectation of being a direct descendent of Hannibal. The English army in BUR deliberately marched into SWI and internment rather than serve under a Cannibal King. New elections have been called in France after President Cohn's refusal to immediately declare war on England. Little noticed in all this hubub was the naming of Archduke Wormtongue as heir to the Habsburg throne. There can be little doubt that this season has seen Continental politics thrown for a loop.

CLIFFHOME BOURSE

BOURSE

Alde-Chur

This game is pegged to the results of "Boris VI" on p 3. Each country's currency is worth \$1 per center held. The player with the highest worth at game's end is the winner. As it would be difficult to be competitive starting this late (with \$1000), this game is closed to new players.

FALL 1907 ACTION

Kroner go from \$11 to \$12; pounds go from \$7 to \$8; francs remain at \$3; lire disappear (\$0), and the ruble drops from \$12 to \$11.

BOLDHOME

This game is pegged to the results of "Boris VII" on p 4. Players start with 1000 units of each surviving European currency (current value given on the "Per" line below). For every 100 units of currency bought or sold its price will go up or down 1¢ to a minimum of \$0.01 (exception: eliminated country's currencies are worth \$0.00). A player may never sell more than 500 units of a currency at a time. At game's end, scores are computed by multiplying the number of 100 unit blocks of each nation's currency by its number of supply centers and summing over all active countries. The winner is the player with the highest score. BTW, we've run a complete audit, and the values have changed somewhat.

Spring 1903 Action

PRB (\$12) sells 500 lira and 500 piasters (\$490+\$575) and buys 1300 pounds (-\$1066 = \$11).

RVE (\$295) sells 500 piasters (+\$575 = \$870)

DEMON HACKED!

The Cast

John Buttitte:
Scott Cameron:
Marcel Carbonneau:
Don Chinnery:
Dan Farrow:
Richard Price:
Jack Shacklett:

"Moondoggie" the Sorcerer (Bushytail, Misty)
"Black Bart" the Black Knight
"Amber Rose" the Amazon
"Scitch" the Witch King (Ribbit Silky)
"Woolly" the optional Wizard
"Sir Jordan" the White Knight (retired)
"Fang Gultarulf" the Berserker

ERRATA: Two vipers joined Amber Rose in MW4. The T. Demon first went to Cr5 where Charlemagne and the boys could block it. They did.

EVENING 25

Monster Roll - 2

Woolly's curses are removed.

Amber Rose refrains from attacking the vipers. Perhaps she is stalking Woolly?

Bart and C5 break concealment and attack the Giant. Bart lures the Giant, then plays MOVE H4** to run away from Cr2. The Giant swings his club T4, smashes H5 with his other hand while ducking 5. C5 swings H4* behind the Giant's back, killing him. Bart gets 8F & 8N and fatigues his MOVE M4*.

Four of the Company jump the Demon and T Spider. C6 lures the Demon and C2 lures the Spider. C6 "swings" H1(2.1 +*) and dodges 4, but the Demon's "Power of the Pit" (3.3 = Terror) scares him to death before he can fire. Meanwhile C2, C3, and C4 surround and hack the Spider to death. It's a good thing Charlemagne and C1 stayed hidden or they'd be dead now too.

C1 breaks concealment to lure the Demon. C2, C3, and C4 repeat the encirclement. This time the Demon's "Power of the Pit" fails him (5.2 = "Forget") and he too is hacked to pieces. Bart gains 8F and 4N.

THE HUNT

Cameron Narrows Gap!

THE HUNT is a word game inspired by James Lipton's book, "An Exaltation of Larks", where we propose a noun and the players are asked to propose a collective noun to fit, such as "flock" for "sheep" or "pride" for "lions". Boris and Ms Nar will rank each entry for each word and the best score will be the winner. Each word is a possible 1 point, but the point will be split if either more than one player suggests the word or two or more words are ranked equally. The first player to score 10 points wins six free issues of this rag or nine issues of Brad Wilson's *Vertigo*. THE HUNT is run in Chases or rounds. We report the 3rd Chase and begin the 4th Chase of the 3rd Hunt. Gentlefolk, mount your steeds! To the Hunt!
